PRICE TWO CENTS

GEO. DeWALD & CO.

We keep store to supply our customers with what they want. We do not presume to instruct them as to what they ought to want.

There has never been till now a corset that fully answered the hardest wear which that much abused garment is put to.

The Kabo corset is "boned" with a new material, Kabo, that cannot be broken, or kinked, or shifted in wear.

The rest of the corset is made as durable as the Kabo; there are no metal eyelets to rust or to cut the corset laces, and the overlying in the back never shows through thin or close-fitting waists.

If the Kabo breaks in a year's wear, we refund the money. If the loops eyelets pull out, we refund the money. The steels may break—there is nothing else in the corset to break.

You may wear the Kabo corset two or three weeks and return if not satisfactory; money returned in full.

ELEVEN FIREMEN KILLED

And Eighteen More Badly Wounded by Falling Walls During a Fire at Indianapolis.

INDIANAPOLIS, Ind., March 18.—Late yesterday afternoon a fire broke out in the large establishment of the Bowen-Merrill company and the stock of books and stationery was consumed and the building wrecked.

At 5:30 o'clock this loss of more than \$150,000, on building and stock, was followed by the falling in of the roof, which carried down more than twenty persons, including those who were working on the various floors. The fire at this hour had been driven to a corner between the ceiling of the fourth story and the cornice. Parts of the fire companies were on the roof working their way down to the fire. The roof seemed sound and the walls substantial, but suddenly the walls yielded.

A man threw up his arms and sank into the seething ruins below. Another man dropped, and then the whole rear roof, with fifteen men on it, fell into the top floor where the fire was raging. Four men were on the upper floor under the roof. These were crushed beneath the grinding timbers and all the men hurled through the falling floor beneath, which gave way beneath the weight of the mass.

Immediately the work of rescuing the living and extricating the dead was begun by at least five hundred volunteers, in addition to the uninjured firemen and members of the police force. At times their ears were greeted by the groans of the wounded underneath the ruins, and the work of rescuing was kept up all night.

The Bowen-Merrill company carried a stock valued at \$125,000, on which there was an insurance of \$70,000. The building was owned by Silas T. Bowen, and the loss on that will be \$30,000. H. P. Wasson, dry goods, lost \$10,000 by smoke and water, and Byram & Sullivan, dry goods, half that amount. Several smaller stocks are badly damaged.

The following is the list of the killed: Andrew O. Cherry, superintendent of the fire alarm telegraph; George Faulk, engineer company 1, and these firemen: John Burkhardt, Espy Stormer, David B. Lowry, Ulisses G. Glazier, Henry D. Woodruff, George W. Glenn, Albert Hoffmann, Anthony Volz and Thomas A. Black.

The wounded are: George Diller, Wm. A. Hinesley, Ebenezer R. Leach, Louis F. Rafert, Webster Robinson, Charles Jenkins, Thomas F. Barrett, William Long, William McGinnis, William Raesner, Albert C. Meurer, Samuel Neall, Samuel L. Null, William F. Jones, William Tallentire, William C. Partee.

The list of dead has not been changed since last night. Up to noon to-day eight dead bodies have been taken out and two more have been found, but have not yet been unloosed from their pinions. The one body taken out this morning was that of Tony Voltz, of hook and ladder company No. 2. Henry Woodruff and Espy Stormer, pipemen, are missing, and they are supposed to be the men whose bodies have been reached.

It is feared that there are some citizens under the ruins as there were several young men on the roof of the building just before it went down. Altogether 29 persons have been taken out of the ruins, at least half of those taken out alive are dangerously hurt, and two of them are not expected to live this morning.

Thomas Dillon, superintendent of the Brush electric light company, and William Long had a miraculous escape. They were on the roof of the "burning building cutting the electric wires when the crash came. By quick jumping both succeeded in reaching an adjoining roof and escaped injury.

A fund has already been started for the relief of the injured firemen and the families of the dead and injured. It has already reached the total of \$2,000. Mayor Sullivan has issued a proclamation calling for subscriptions.

The coroner has been investigating and will hold an inquest to-day.

"Wells" Robinson, who was rescued with a badly cut and bruised leg, gave the following account of the disaster: "I was working in the cellar when the crash came, and I was knocked down and must have lost consciousness for a moment. When I recovered I found that a piece of timber had lodged across my leg and held me fast. Espy Stormer I could hear calling for help about ten feet away. He was in a worse place than I was, and he became quiet after a time. I struggled hard to get free, as it was terribly hot and the burning timbers

were around me. I jerked my leg free at last, and crawled out between the wall and the ruins."

It was reported that three little newsboys had been standing very near the wall which collapsed, watching the actions of the firemen. If this is so there is little hope of them being taken out alive.

Fire Chief Daugherty is being very severely criticised for ordering the firemen on to the building when it was in such an unsafe condition. Five minutes before the crash came the firemen were warned by citizens to leave the building, but the warning was unheeded.

It will take fully twenty-four hours to remove all the debris and until that is done there is no estimating how many lost their lives. The firemen who escaped think it is possible that there may be several more bodies in the cellar as a few minutes before the crash came several men were in the rear floor room of the building attempting to get out some of the firm's books that had not been burned.

PEORIA, Ill., March 18.—For a third time within a year the large dry goods establishment of Pardee, Mills & Co. is visited by flames. A little after one o'clock this morning this mammoth dry goods store was discovered to be on fire, and despite the efforts of the entire fire department to save it, the large stone front four story building was completely gutted. Only yesterday this firm gave a grand spring opening and a large and magnificent stock was displayed to the public. Loss on stock, \$60,000; on building, not given; insurance on stock, \$110,000.

WILL O' THE WISP.

Manager Geary Gets the Crowds in Spite of Counter Attractions.

When Cleveland's minstrels were in the city some time ago THE SENTINEL told how Manager Geary, of the World's Museum, took the crowds from him. Last night he did the same thing with the "Will o' the Wisp" troupe, Mr. Gorman, the manager of which is an old schoolmate of Mr. Geary.

The two met yesterday and Geary told Gorman that he would "down him" in the evening. "Guess not," was the reply. "Well, come around and see," said Geary. At nine o'clock "Will o' the Wisp" was showing to a very small house at the Temple, while the World's Museum was packed to the doors, and had turned people away, although one more performance was given than usual.

Manager Geary knows how to get the crowds and can draw them from any attraction.

HERE'S A CHANCE!

For Some Man Who Wants a Wife and a Fortune.

Madam Naomi, of Michigan, writes to THE SENTINEL asking that its reporter staff busy themselves in an effort to find her a husband in this city.

She is handsome and wealthy. She owns a farm in Michigan, and offers to give \$5,000 in cash to the man who will wed her.

She is 27 years of age, is five feet high, five feet wide, weighs 635 pounds, and is now single. The lady will visit this city soon, and wishes the SENTINEL to select a gentleman who will accept her hand, her heart and her money.

Don't all apply at once, but send in your names and our reporter will introduce you to the lady when she arrives in the city.

A GRACEFUL COURTESY.

The Amateur Athletes Entertain Edgar Seldon's Theatrical Company.

Last evening the members of the Amateur Athletic association occupied a front row at the Temple to witness the performance of "Will o' the Wisp." They were invited guests of Edgar Seldon and his manager, Will E. Gorman. The compliment was gracefully repaid, for after the performance, the Athletes escorted the party to the association headquarters, where a banquet was served and other entertainment provided.

There are some clever members of this company, and Seldon himself is more than pleasing. The show has been playing to poor business however.

Monday morning at 10:30 occurred the death of Beatrice Marie, the bright little child of Mr. and Mrs. A. C. McKinney, of No. 39 Butler street, age six months. Funeral will leave the house at two o'clock to-morrow afternoon, with services at the Cathedral. Friends of the family are invited to attend without further notice.

WASHINGTON.

The World's Fair Bill Completed and to Be Reported to the House To-day or To-morrow.

WASHINGTON, March 18.—Mr. Wilson, of West Virginia, who was one of the Washington representatives on the world's fair committee, was present when the committee met this morning to consider the Chicago bill, and as a consequence, the deadlock that has existed in the committee was broken and the fifth section of the bill, providing for the financial scheme on which the fair shall be conducted, was passed upon.

The members of the committee present were: Chandler, chairman; Hitt and Springer, of Illinois; Wilson, of West Virginia; Belden, of New York, and Hatch, of Missouri. The amendment offered yesterday by Mr. Belden, providing for a financial plan, was voted down, and Mr. Wilson offered as a substitute for the fifth section an amendment providing that when the president is satisfied that Chicago has raised a fund of \$10,000,000 he shall issue his proclamation in regard to the fair and invite foreign nations to participate.

A caucus of republican senators has been called to take place to-night at the residence of Senator Edmunds. Its object is to consider charges against the sergeant-at-arms of the senate, W. P. Canaday.

Mr. Canaday is from North Carolina. He has been a protégé of Senator Sherman for a number of years. Recently a determined effort has been made to have him removed from his office to make room for a candidate of Senator Quay—Mr. Bailey—and therefore is expected to create excitement at the caucus to-night. Mr. Canaday had a long conversation with Senator Edmunds yesterday afternoon, the result of which is not known.

The house adopted a resolution calling on the secretary of war and the secretary of the interior for information as to whether a saving of expenditure would be effected by the transfer of the pension bureau to the war department.

A bill was also adopted calling on the secretary of the interior for an estimate of money likely to be needed for pension arrearages in case the arrears act is repealed.

A bill was passed in favor of affidavits and depositions under the public land laws to be taken before commissioners of United States courts, or before the clerk of a court of record in the county where the land is situated.

Mr. Payson called up the bill to repeal the timber culture laws, but the bill went over without action and the house went into a committee of the whole on the pension appropriation bill.

BISMARCK RESIGNS.

Emperor William Accepts the Resignation of the Iron Chancellor.

BERLIN, March 18.—The emperor this afternoon accepted Prince Bismarck's resignation of the chancellorship. The present difference between the Emperor and Prince Bismarck arises from the chancellor's refusal to accede to a request made by Dr. Windthorst, the leader of the clerical party in Germany, to restore to the Duke of Cumberland, the claimant of the throne of Hanover, the larger part of the Guelph fund.

It is reported to-day that the emperor proposes to appoint General Von Caprivi, who is now commander of the Tenth army corps, to the chancellorship.

When the public worship estimate came up for discussion in the lower house of the Prussian diet to-day, Dr. Windthorst said it had been his intention to review the position of Catholics in Prussia, but that he would desist on account of the political situation.

All the members of the Prussian ministry resigned at the same time that Prince Bismarck tendered his resignation.

UNFORTUNATE MISS DALMAN.

A Young Lady Stricken With Paralysis on the Street.

Yesterday afternoon Miss Dalman, whose home is at 533 East Wayne street, was stricken with paralysis while walking on West Main-street, near Harrison.

The patrol wagon was called and she was conveyed home. Her condition to-day is some better and she will probably live.

Badly Injured.

Mr. Neidemeyer, an old gentleman living on LaSalle street, fell from the hay loft of his barn, a distance of fifteen feet, this morning, and was badly injured. He will be confined to his home for some time.

WESTON'S BULLETS!

Lays Low Two Ruffians Who Attempt to Rob Him—A Deputy Sheriff Held for Bribery.

SAINT LAKE CITY, Utah, March 18.—Last evening J. B. Weston, of Colorado, who was visiting this city, formed the acquaintance of a couple of strangers, who first gave him drugged whisky and then attempted to rob him. Weston fatally shot one of the men, named Warner, and after an exchange of shots, killed the second of the ruffians, a man named Granville. Mr. Weston then surrendered himself to the police.

New York, March 18.—George Mindean was arrested to-day on an indictment charging him with extortion while employed in the sheriff's office. Joseph Young, a deputy sheriff was also arrested at noon and held in \$1,000 bail, for bribery. Other arrests are expected this afternoon.

WHERE IS MAC?

The Scottish Artist, MacNeil, in an Unenviable Role.

The whereabouts and intentions of Ambrose MacNeil, the Scottish artist, concern several of our citizens a great deal at the present writing.

MacNeil operated here for several months, finishing during his stay several high-priced paintings. From his brush are the handsome paintings which adorn the council chamber, a gift from Hon. J. B. White and John Lillie. He also painted portraits at fancy prices for some of the first families in Fort Wayne.

Lustre is added to this when it is known that MacNeil is out of the city and that numerous accounts of long standing await his return. The Scottish artist left here some weeks ago for Chicago "on business." He never returned. It has been learned however that he was in Grand Rapids two days ago.

While in this city Mr. MacNeil won the confidence of ex-Mayor Muhler, Postmaster Cecil Higgins, Hon. J. B. White and several others, some of whom endorsed for him at bank. Mr. Muhler especially has cause to regret the man's unexplained absence by reason of a note past due, the responsibility of which he must assume, but he retains as security a bill of sale on the handsome Anthony Wayne painting, said to be valued at \$500, as security.

If MacNeil does not show up in this city soon an effort may be made to place him.

THE COURTS.

A Dull Day—New Suits Filed in the Superior Court.

The county commissioners did miscellaneous business to-day. This afternoon they are opening bids for medical attendance upon the paupers of the various townships.

In the case of William Hoffman vs. Pennington pulley works, a judgment of \$331.67 was rendered in favor of the plaintiff.

Michael Fackler was admitted to citizenship to-day.

The following suits were entered in the superior court to-day:

The case of Wagner against Arnulde in the circuit court has been settled for \$1,834 and then dismissed. Attorney S. M. Hench appeared for the plaintiff and William P. Breen for the defendant.

August C. Krueger vs. Mary C. Shell and Jacob H. Shell, complaint to foreclose mortgage; demand, \$625; Charles W. Kuhne is attorney for plaintiff.

Joseph K. Edgerton vs. Henry Bueche, complaint on note; demand, \$100; Bell & Morris are attorneys for plaintiff.

George F. Felts vs. George F. Branstator, et al.; action on notes and mortgages; demand, \$550; J. M. Robinson is attorney for the plaintiff.

Frank A. Goeke as executor of the will of Francis Goeke, deceased, vs. Freeman and Joseph Plikard, complaint on note; demand, \$100; Wm. P. Breen is attorney for the plaintiff.

BIG GUNS.

Adjutant-General Buckle and Officers Coming to This City.

Word reached the city last night that on Monday next Adjutant-General N. R. Buckle and Adjutant D. Thompson, of Indianapolis, and Major Woods, of Michigan City, will arrive in the city for the purpose of inspecting the Zoller Battery.

They will find the boys in good trim.

The Weather.

Dr. C. B. Stemen has arrived home from Kansas City, where he attended the funeral of the late lamented Dr. J. Wesley Jackson, who was chief surgeon of the Wabash road. He says the obsequies were pronounced the most impressive and most largely attended of any funeral yet held in Kansas City.

General Manager Hays will not at present appoint a successor to the deceased as chief surgeon and Dr. J. P. Jackson, a brother, will temporarily perform the duties.

The stalwart and manly figure of our well-remembered and popular player, Mr. Frank Mayo, will be seen to-morrow evening in his romantic play, "Nordeck." Few, if any, of the great plays of the present day have shown the strength that has this one. There is none of that which is offensive to delicate minds in it. The faintest suggestion of impurity is absent, and the play as a whole is considered the most magnificent production that has ever been in Mr. Mayo's hands. "Davy Crockett" Thursday is the bill.

The Fort Wayne lodges of Odd Fellows have determined to go to Huntington, Thursday, in a body to attend the dedication of the Odd Fellow's temple in that place. THE DEFENDANT MISSING.

Waldo Hills' Case Called, But the Defendant is Absent—His Bondsmen Responsible.

The case of the state against Waldo E. Hills, the man charged with swindling in some lightning rod deals, was set for to-day in the circuit court.

This morning the attorneys in the trial made their appearance before Judge O'Rourke, but the defendant came not.

It was then learned that Hills left the city last Friday evening for Columbus, Ohio, and had not returned.

The defendant's bond, in the sum of \$500, was for Hills' appearance in court.

His surety was Fred C. Boltz and Richard C. Ross. This bond was declared forfeited by Judge O'Rourke, and Prosecutor James Robinson will demand its collection. M. V. B. Spencer, attorney for Hills, received the following telegram this morning:

COLUMBUS, O., March 18, 1890. Waldo E. Hills is sick and confined to bed with pleurisy. It is impossible for him to travel. Notify all parties. P. E. Blesch, M. D.

Prosecutor Robinson has a very firm opinion that Hills is well and able to travel.

A MATRIMONIAL SURPRISE.

The Marriage of Mr. F. W. Antrup to Miss Eliza E. Mackintosh, of Cincinnati.

Mr. F. W. Antrup left yesterday for Cincinnati, where he will be married this evening to Miss Eliza E. Mackintosh, a lady who will be remembered here as a returned missionary from Bogota Columbia, South America. Miss Mackintosh was a delegate from Cincinnati to the Womens' Board of Missions of the Northwest, which met in the First Presbyterian church in this city last April, when she delivered an address on "Missions" that was received with a great deal of interest. She is an accomplished lady, and will be a valuable addition to the church workers of this city.

Mr. Antrup is a retired Allen county farmer and a prominent gentleman, who has made his home in this city for several years, and THE SENTINEL joins with his host of friends in extending congratulations.

Mr. and Mrs. Antrup will return to this city in a few days, and after the 25th of this month will be at home in Mr. Antrup's pleasant residence at the corner of West Main and Webster streets.

THE BALMORAL CHOIR.

The Famous Scotch Singers Will Appear at the Temple To-Night.

The noted Balmoral choir, which gives an entertainment at the Masonic Temple to-night, is brought here by the Caledonian society, of this city. The choir arrived this morning and are at the Aldine. The members composing the organization are: Edith Ross, Effie Goodwin, Jessie McIntosh, Mary Farrell, Jane Ford, Walter Bruce, R. J. Patrick, Peter Kerr, William Douglas, Harry Taggart, William Young.

They are one of the best musical organizations in the world and are charming their immense audiences everywhere they appear. Our citizens can rest assured that they will be given one of the finest concerts to-night that it has ever been their pleasure to attend. Five hundred reserved seat tickets had been sold up to an early hour this morning.

THE SENTINEL owes this popular musical organization an apology for having stated in its issue of yesterday that it was named after Queen Victoria's skirts and it hastens to make the proper correction.

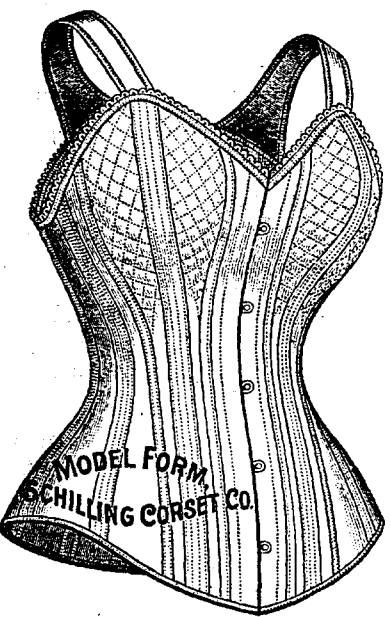

The fact is that the name Balmoral belongs to a town and castle in the shire of Aberdeen, Scotland, where Queen Victoria has her residence when in that part of the country.

Scot's Grapes.

We smile and feel content. The people are with us, they are assisting us to accomplish our object, i. e., "to get out of business." We know that our selling out does not please some envious, grasping dealers, but we are not doing business to please our competitors; it makes some of them sick because we are selling all the shoes nowadays. Well, why should we not? Wherever people can do the best there is where they buy. That accounts for the immense success of Redlick Bros. great going-out-of-business sale.

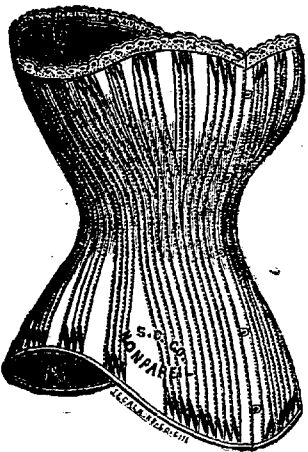

Mr. Joe Beegan left for Wabash last evening, where his wife is remaining with her folks. Mr. Beegan has decided to locate south, probably in Chattanooga, Tenn.

with Neuralgia in the Face and Womb for over
four (4) years. At times the pains were ex-
tremely bad and I thought I must die. I had spent
dollar after dollar and physicians could give
me no relief. Upon the advice of a friend I
bought a bottle of Steketee's Neuralgia Drops,
and after using it according to directions, I
can say I feel better than I have felt for many
years. I shall continue in its use until I am
thoroughly well. I feel very grateful to Mr.

take pleasure in stating my case to any lady

"For years I have been afflicted with
Digestion, Constipation and Piles. I have
tried all the medicines I could get hold of,
but all in vain. Even my physicians could
not relieve my troubles. In the mean-
time I struggled under great pain. Life was
a burden. Two years ago I saw the Chicago
Times, and my eye fell on an advertise-
ment of Tutt's Pills. I decided to try them.
They have worked wonderfully. They keep
me regular, don't make me sick, give me an
appetite and are curing my piles. I am
strong and can walk any distance. If I had
had these pills five years ago they would
have saved me \$10,000; but they have saved
my life. Let the afflicted everywhere know
their value, which is beyond expression."

The president's proclamation ordering
the boomers to vacate the Cherokee strip
has had its effect, and hundreds are leav-
ing. Those who do not go voluntarily
will be removed by troops, a large force
having been ordered to that point for
the purpose.

The democrats of Washington town-
ship at their caucus, held last Saturday
afternoon, nominated the following
ticket: Trustee, M. E. Ferguson; as-
sessor, Chester Cramer; justices of the
peace, A. McDaniel and Fred Kam-
meyer; constables, Peter Grell and John
Kagier.

The democrats of Maumee township
held a primary at Woodburn school
house Saturday, the 15th inst. The
following were nominated: For trustee,
R. B. Shirley; assessor, Richard John-
son; for justice of the peace, Peter
Vanderaw; for constables, Alexander
Baker, Frederick Wohlke.

Mr. H. C. BERGHOFF, formerly city
treasurer, has formed a partnership
with Mr. Aaron Rothschild for the
manufacture of artificial ice. They
figure that the entire crop of ice har-
vested in Michigan this year will be ex-
hausted before July. They have con-
tracted for machinery for their plant.

The song service at the city depart-
ment Young Men's Christian Associa-
tion, Sunday afternoon, was one of the
largest ever held there. About fifteen
members, accompanied by a cornet, sang
several pieces on the pavement before
the building. These meetings are con-
stantly increasing in numbers and in-
terest.

The manufacture of cigars has grown
to be quite an industry in the city of
Fort Wayne, and the statistics show
that during the year of 1889, there were
manufactured here, 5,515,525 cigars.
The number of pounds of leaf tobacco
required for this work is 137,888. The
manufacturers pay a revenue tax of
\$16,560, and a special tax of \$173.20.
There are in the city twenty-three fac-
tories, which employ 115 cigarmakers
proper and about fifty boys and girls as
strippers.

The wheat crop in southern Indiana
has been cut short fully one-half by the
recent cold freeze. During the entire
winter wheat throughout that part of
the state continued to grow, and in
many localities had reached so far
an advanced state as to form the
first joint, and was very tender. Over
the entire southern part of the state
the fields that ten days ago were
more beautiful than any lawns are to-
day as brown or golden-like as when
harvested, and experts who have made
a thorough examination report upland

wheat badly damaged, while all wheat
in White river bottoms that was over-
flowed by recent floods will be an entire
failure on account of ice forming over
the land as the water subsided. The
loss will be felt by the farmers this year,
as the acreage is unusually large.

The Department of Agriculture
estimates that 970,000,000 bushels of corn
(46 per cent. of last year's crop) remain
in the hands of the farmers, and that
the average price on March 1st was
twenty-eight cents a bushel.

CHICAGO's carpenters have determined
to work no more than eight hours a day,
and they demand compensation at 40
cents an hour. If their demands are
not acceded to they will inaugurate a
strike early next month. Their de-
mands will probably be granted.

The Personal Rights League held a
meeting last night and discussed the
action taken by the German Lutherans
of this city in regard to the Bennett law
and considered what action, if any, the
Personal Rights League intended to
take on the subject. The matter was re-
ferred to a committee, composed of Mes-
srs. Wichman, Campe, Benjamin and
Henry C. Berghoff, with instructions to
submit resolutions at the next meeting.
The subject of the approaching city
elections was then taken up. Several
speakers argued that the party nomi-
nations were made so late that there was
not sufficient time to ascertain the time
and fitness of the candidates for office,
and urged that the league take steps to
insure the nominations of good men. It
was decided to appoint a committee in
each ward, whose duty it shall be to pre-
pare a list of desirable candidates for al-
dermen and report the names at the
next meeting for endorsement. It was
decided to hold a meeting every week
until after the campaign. The next
meeting will be held Friday, March 28,
in Standard hall.

LETTERS THAT NEVER COME.
Postmaster-General Wanamaker So-
licits an Opinion from Post-
master Higgins.

Over 2,300,000 unclaimed letters were
sent to the dead-letter office last year
and Postmaster-General Wanamaker
has set about to reduce the number to a
minimum.

Postmaster Ceil Higgins says
that as an evidence of carelessness in
addressing letters, it is found that nearly
10 per cent. of the matter that reaches
the dead-letter office is sent there as mis-
directed or deficient in address, the
writer having directed the letter to a
postoffice not existing in the state
named, or has failed to complete the ad-
dress, so that the postal officials cannot
give even a remote guess where it was
intended to go; and it should be borne
in mind that only such letters as are
mailed without the card of the writer
upon the envelope reach the dead-letter
office. No statistics are furnished for
the large number deposited bearing the
card of the writer.

Another universal cause for non-de-
livery is stated to be that people resid-
ing in larger cities, where the carrier
service is in force, frequently change
their residence and leave no new address
to which matter can be taken for delivery,
thus requiring matter that ought to be
delivered by the carrier to be placed in
the general delivery to await call for the
same.

Mr. Higgins has, at the solicitation of
the postmaster-general, submitted his
opinion as to the cause of such an ac-
cumulation for the dead letter office.

"Want of effort on the part of car-
riers to trace addresses and changing
residence without giving carriers an
order to change address is the cause.
The remedy is close supervision of car-
riers by postmasters and the superin-
tendents of carriers."

"Why, you have no idea," said he to
a SENTINEL reporter, "what a sea of
perplexity we are plunged into over
letters of this character."

He then conducted the reporter to a
department where hundreds of letters
were stacked away that will never reach
those for whom they were intended.

The addresses on these plainly be-
speak carelessness and ignorance on the
part of the senders.

The opinion of an old and well known
merchant is given in a few words, viz:
"I think Dr. Bull's Cough Syrup is the
best cough medicine that is made."
LUTHER B. BLACK, Selma, Ind.
"Dissipated nature oftentimes breaks
forth in strange eruptions," and the re-
sult of it all is pain. Now Salvation
Oil will send this very pain to the right
about at the trifling cost of only 25
cents.

ABSOLUTELY PURE

A PITIFUL STORY.

The Husband in a Drunken Stupor
While His Wife is Dying and
Continues His Spree After
She is Dead.

A week ago last Sunday the boys
around West Jefferson and West Lewis
streets were watching the antics and
maneuvers of a drunken man who had
such a heavy load of intoxicants aboard
that he was unable to find room on a ten
foot sidewalk for his staggering, zig-zag
movements. Boys are boys, and you
can't make men out of them while they
are wearing knee pants and short jackets,
and they saw lots of fun in the comical
actions of the drunken man. They
laughed at his incoherent talk and his
frequent tumbles, and the drunken
man's actions brought everybody in that
vicinity to their doors and windows to
see the excitement.

While this was going on the wife of
the chief actor in this pitiful scene was
lying at the point of death at her home.
Two days afterward she died, yet the
husband kept up his drunken spree un-
til then and when the wife breathed her
last he was laying on the floor of the
room, not far from her bed in a drunken
stupor.

"Your wife is dying, don't you wish
to see her?" friends of the family said to
him, and later they said, "She is dead!"
and yet the man was too drunk to realize
the import of their words. He mum-
bled incoherent sentences and slept on
until he awoke an hour or two later to
find his home in mourning.

Such an awakening, one would have
thought, would have sobered him up,
but it did not, and he continued his de-
bauches until his wife was carried to the
graveyard.

These are facts. It would be useless
to stop and moralize. The picture
carries its lesson with it.

"A stitch in time saves nine," and if
you take Hood's Sarsaparilla now it may
save months of future possible sickness.

Chicago is an Indian word meaning

Piles! Piles! Itching Piles.
SYMPTOMS—Moisture; intense itching
and stinging; most at night; worse by
scratching. If allowed to continue in-
famous form, which often bleed and ulcer-
ate, becoming very sore. Swayne's
Creamy ointment stops the itching and bleed-
ing, heals ulceration, and in most cases
removes the tumors. At druggists, or
by mail, for 50 cents. Dr. Swayne &
Son, Philadelphia.

Green corn now tickles the palates of
San Franciscans.

Why continue the use of irritating
powders, soufs or liquids? Ely's
Cream Balm, pleasant of application
and a sure cure for catarrh and cold in
the nose, can be had for 50c. It is easily
applied into the nostrils. It is safe and
pleasant, and is curing the most obsti-
nate cases. It gives relief at once.

The proprietors of Ely's Cream
Balm do not claim it to be a cure all,
but a sure remedy for catarrh, colds in
the head and hay fever. It is not a
liquid or a snuff, but is easily applied
into the nostrils. It gives relief at
once.

THE RAILROADS.

Typewriters and Stenographers Will Do a Flourishing Business—Gossip From the Busy Centers.

THE SENTINEL some time ago stated that in all probability the Pennsylvania system would inaugurate a system of putting in typewriters in their trains and employing stenographers to operate them, thus affording the traveling public an excellent chance to write business and other letters while on their journey with very little inconvenience. It is now an assured fact that the Pennsylvania road will do this, as they have issued a circular to the effect that a very intelligent young man will be placed in charge of a desk on every limited train on the system to attend to the wants of business people. In this circular they show what all this means to the traveling world. In the first place it will be a great saving of time to business men and a great saving of labor to those who are not fond of writing. The car will contain all the conveniences necessary to make traveling less tiresome. The only drawback to be seen in this new venture is that if a very busy man is compelled to make a long journey and he boards the train at the starting point and takes a lot of business with him, he will so monopolize the time of the stenographer that it will give no one else a chance through the whole journey.

A party of nine tramps broke into the office of Edward Gilmartin, at his telephone pole yard in the west end, Sunday night and used a lot of stationary and such to start a fire with. They also got away with a coil of wire. The gang were committed for vagrancy, and at the expiration of their term will be held for theft.

The Nickel Plate authorities here were advised last night of the murder of their agent at Hartsburg, forty-three miles east of this city. Henry kept a general store at that place and had a telephone instrument in the building. Three men approached his place last night and without warning shot him dead. The fellows intended robbery, but frightened at their crime fled. Citizens began organizing posses as fast as the news spread, and hundreds are now

in pursuit of the murderers. Henry was well known in Fort Wayne, and was in the city a few days. He leaves a family.

PRICE TWO CENTS

GEO. DeWALD & CO.

We keep store to supply our customers with what they want. We do not presume to instruct them as to what they ought to want.

There has never been till now a corset that fully answered the hardest wear which that much abused garment is put to.

The Kabo corset is "boned" with a new material, Kabo, that cannot be broken, or kinked, or shifted in wear.

The rest of the corset is made as durable as the Kabo; there are no metal eyelets to rust or to cut the corset laces, and the overlying in the back never shows through thin or close-fitting waists.

If the Kabo breaks in a year's wear, we refund the money. If the loops eyelets pull out, we refund the money. The steels may break—there is nothing else in the corset to break.

You may wear the Kabo corset two or three weeks and return it not satisfactory; money returned in full.

ELEVEN FIREMEN KILLED

And Eighteen More Badly Wounded by Falling Walls During a Fire at Indianapolis.

INDIANAPOLIS, Ind., March 18.—Late yesterday afternoon a fire broke out in the large establishment of the Bowen-Merrill company and the stock of books and stationery was consumed and the building wrecked.

At 5.30 o'clock this loss of more than \$150,000, on building and stock, was followed by the falling in of the roof, which carried down more than twenty persons, including those who were working on the various floors. The fire at this hour had been driven to a corner between the ceiling of the fourth story and the cornice. Parts of the fire companies were on the roof working their way down to the fire. The roof seemed sound and the walls substantial, but suddenly the walls yielded.

A man threw up his arms and sank into the seething ruins below. Another man dropped, and then the whole rear roof, with fifteen men on it, fell into the top floor where the fire was raging.

Four men were on the upper floor under the roof. These were crushed beneath the grinding timbers and all the men buried through the falling floor beneath, which gave way beneath the weight of the mass.

Immediately the work of rescuing the living and extricating the dead was begun by at least five hundred volunteers, in addition to the uninjured firemen and members of the police force. At times their ears would be greeted by the groans of the wounded underneath the ruins, and the work of rescuing was kept up all night.

The Bowen-Merrill company carried a stock valued at \$125,000, on which there was an insurance of \$70,000. The building was owned by Silas T. Bowen, and the loss on that will be \$30,000. R. P. Wesson, dry goods, lost \$10,000 by smoke and water, and Byram & Sullivan, dry goods, half that amount. Several smaller stocks are badly damaged.

The following is the list of the killed: Andrew O. Cherry, superintendent of the fire alarm telegraph; George Faulk, engineer company 1, and these firemen: John Burkhardt, Esy Stormer, David B. Lowry, Ulisses G. Glazier, Henry D. Woodruff, George W. Glenn, Albert Hoffmann, Anthony Volz and Thomas A. Black.

The wounded are: George Diller, Wm. A. Hinesly, Ebenezer R. Leach, Louis F. Rafert, Webster Robinson, Charles Jenkins, Thomas F. Barrett, William Long, William McGinnis, William Reesner, Albert C. Meurer, Samuel Neall, Samuel L. Null, William F. Jones, William Tallentire, William C. Little.

The list of dead has not been changed since last night. Up to noon to-day eight dead bodies have been taken out and two more have been found, but have not yet been unloosed from their pinions. The one body taken out this morning was that of Tony Voltz, of book and ladder company No. 2. Henry Woodruff and Esy Stormer, pipemen, are missing, and they are supposed to be the men whose bodies have been reached.

It is feared that there are some citizens under the ruins as there were several young men on the roof of the building just before it went down. Altogether 20 persons have been taken out of the ruins, at least half of those taken out alive are dangerously hurt, and two of them are not expected to live this morning.

Thomas Dillon, superintendent of the Brush electric light company, and William Long had a miraculous escape. They were on the roof of the "burning building cutting the electric wires when the crash came. By quick jumping both succeeded in reaching an adjoining roof and escaped injury.

A fund has already been started for the relief of the injured firemen and the families of the dead and injured. It has already reached the total of \$2,000. Mayor Sullivan has issued a proclamation calling for subscriptions.

The coroner has been investigating and will hold an inquest to-day.

"Wells" Robinson, who was rescued with a badly cut and bruised leg, gave the following account of the disaster: "I was working in the cellar when the crash came, and I was knocked down and must have lost consciousness for a moment. When I recovered I found that a piece of timber had lodged across my leg and held me fast. Esy Stormer I could hear calling for help about ten feet away. He was in a worse place than I was, and he became quiet after a time. I struggled hard to get free, as it was terribly hot and the burning timbers

were around me. I jerked my leg free at last, and crawled out between the wall and the ruins."

It was reported that three little news-boys had been standing very near the wall which collapsed, watching the actions of the firemen. If this is so there is little hope of them being taken out alive.

Fire Chief Daugherty is being very severely criticised for ordering the firemen on to the building when it was in such an unsafe condition. Five minutes before the crash came the firemen were warned by citizens to leave the building, but the warning was unheeded.

It will take fully twenty-four hours to remove all the debris and until that is done there is no estimating how many lost their lives. The firemen who escaped think it is possible that there may be several more bodies in the cellar as a few minutes before the crash came several men were in the rear floor room of the building attempting to get out some of the firm's books that had not been burned.

PHONIA, Ill., March 18.—For a third time within a year the large dry goods establishment of Pardee, Mills & Co. is visited by flames. A little after one o'clock this morning this mammoth dry goods store was discovered to be on fire, and despite the efforts of the entire fire department to save it, the large stone front four story building was completely gutted. Only yesterday this firm gave a grand spring opening and a large and magnificent stock was displayed to the public. Loss on stock, \$60,000; on building, not given; insurance on stock, \$110,000.

WILL O' THE WISP.

Manager Geary Gets the Crowds in Spite of Counter Attractions.

When Cleveland's minstrels were in the city some time ago THE SENTINEL told how Manager Geary, of the World's Museum, took the crowds from him. Last night he did the same thing with the "Will o' the Wisp" troupe, Mr. Gorman, the manager of which is an old schoolmate of Mr. Geary.

The two met yesterday and Geary told Gorman that he would "down him" in the evening. "Guess not," was the reply. "Well, come around and see," said Geary. At nine o'clock "Will o' the Wisp" was showing to a very small house at the Temple, while the World's Museum was packed to the doors, and had turned people away, although one more performance was given than usual.

Manager Geary knows how to get the crowds and can draw them from any attraction.

HERE'S A CHANCE!

For Some Man Who Wants a Wife and a Fortune.

Madam Naomi, of Michigan, writes to THE SENTINEL asking that its reporter staff busy themselves in an effort to find her a husband in this city.

She is handsome and wealthy. She owns a farm in Michigan, and offers to give \$5,000 in cash to the man who will wed her.

She is 27 years of age, is five feet high, five feet wide, weighs 135 pounds, and is now single. The lady will visit this city soon, and wishes THE SENTINEL to select a gentleman who will accept her hand, her heart and her money.

Don't all apply at once, but send in your names and our reporter will introduce you to the lady when she arrives in the city.

A GRACEFUL COURTESY.

The Amateur Athletics' Entertainment Edgar Seldon's Theatrical Company.

Last evening the members of the Amateur Athletic association occupied a front row at the Temple to witness the performance of "Will o' the Wisp." They were invited guests of Edgar Seldon and his manager, Will E. Gorman. The compliment was gratefully repaid, for after the performance, the Athletics escorted the party to the association headquarters, where a banquet was served and other entertainment provided.

There are some clever members of this company, and Seldon himself is more than pleasing. The show has been playing to poor business however.

Monday morning at 10:30 occurred the death of Beatrice Marie, the bright little child of Mr. and Mrs. A. C. McKinney, of No. 39 Butler street, age six months. Funeral will leave the house at two o'clock to-morrow afternoon, with services at the Cathedral. Friends of the family are invited to attend without further notice.

WASHINGTON.

The World's Fair Bill Completed and to Be Reported to the House To-day or To-morrow.

WASHINGTON, March 18.—Mr. Wilson, of West Virginia, who was one of the Washington representatives on the world's fair committee, was present when the committee met this morning to consider the Chicago bill, and as a consequence, the deadlock that has existed in the committee was broken and the fifth section of the bill, providing for the financial scheme on which the fair shall be conducted, was passed upon.

The members of the committee present were: Chandler, chairman; Hitt and Springer, of Illinois; Wilson, of West Virginia; Belden, of New York, and Hatch, of Missouri. The amendment offered yesterday by Mr. Belden, providing for a financial plan, was voted down, and Mr. Wilson offered as a substitute for the fifth section an amendment providing that when the president is satisfied that Chicago has raised a fund of \$10,000,000 he shall issue his proclamation in regard to the fair and invite foreign nations to participate.

A caucus of republican senators has been called to take place to-night at the residence of Senator Edmunds. Its object is to consider charges against the sergeant-at-arms of the senate, W. P. Canaday.

Mr. Canaday is from North Carolina. He has been a protégé of Senator Sherman for a number of years. Recently a determined effort has been made to have him removed from his office to make room for a candidate of Senator Quay—Mr. Bailey—and therefore is expected to create excitement at the caucus to-night. Mr. Canaday had a long conversation with Senator Edmunds yesterday afternoon, the result of which is not known.

The house adopted a resolution calling on the secretary of war and the secretary of the interior for information as to whether a saving of expenditure would be effected by the transfer of the pension bureau to the war department. A bill was also adopted calling on the secretary of the interior for an estimate of money likely to be needed for pension arrearages in case the arrears act is repealed.

A bill was passed in favor of affidavits and depositions under the public land laws to be taken before commissioners of United States courts, or before the clerk of a court of record in the county where the land is situated.

Mr. Payson called up the bill to repeal the timber culture laws, but the bill went over without action and the house went into a committee of the whole on the pension appropriation bill.

BISMARCK RESIGNS.

Emperor William Accepts the Resignation of the Iron Chancellor.

BERLIN, March 18.—The emperor this afternoon accepted Prince Bismarck's resignation of the chancellorship. The present difference between the Emperor and Prince Bismarck arises from the chancellor's refusal to accede to a request made by Dr. Windthorst, the leader of the clerical party in Germany, to restore to the Duke of Cumberland, the claimant of the throne of Hanover, the larger part of the Guelph fund.

It is reported to-day that the emperor proposes to appoint General Von Caprivi, who is now commander of the Tenth army corps, to the chancellorship.

When the public worship estimate came up for discussion in the lower house of the Prussian diet to-day, Dr. Windthorst said it had been his intention to review the position of Catholics in Prussia, but that he would desist on account of the political situation.

All the members of the Prussian ministry resigned at the same time that Prince Bismarck tendered his resignation.

UNFORTUNATE MISS DALMAN.

A Young Lady Stricken With Paralysis on the Street.

Yesterday afternoon Miss Dalman, whose home is at 533 East Wayne street, was stricken with paralysis while walking on West Main street, near Harrison.

The patrol wagon was called and she was conveyed home. Her condition to-day is some better and she will probably live.

Badly Injured. Mr. Noidemeyer, an old gentleman living on LaSalle street, fell from the hay loft of his barn, a distance of fifteen feet, this morning, and was badly injured. He will be confined to his home for some time.

WESTON'S BULLETS!

Lays Low Two Ruffians Who Attempt to Rob Him—A Deputy Sheriff Held for Bribery.

SALT LAKE CITY, Utah, March 18.—Last evening J. B. Weston, of Colorado, who was visiting this city, formed the acquaintance of a couple of strangers, who first gave him drugged whiskey and then attempted to rob him. Weston fatally shot one of the men, named Warner, and after an exchange of shots, killed the second of the ruffians, a man named Granville. Mr. Weston then surrendered himself to the police.

New York, March 18.—George Mindeman was arrested to-day on an indictment charging him with extortion while employed in the sheriff's office. Joseph Young, a deputy sheriff was also arrested at noon and held in \$1,000 bail, for bribery. Other arrests are expected this afternoon.

WHERE IS MAC?

The Scottish Artist, MacNeil, in an Unenviable Role.

The whereabouts and intentions of Ambrose MacNeil, the Scottish artist, concern several of our citizens a great deal at the present writing.

MacNeil operated here for several months, finishing during his stay several high-priced paintings. From his brush are the handsome paintings which adorn the council chamber, a gift from Hon. J. B. White and John Lillie. He also painted portraits at fancy prices for some of the first families in Fort Wayne.

Lustre is added to this when it is known that MacNeil is out of the city and that numerous accounts of long standing await his return.

The Scottish artist left here some weeks ago for Chicago "on business." He never returned. It has been learned however that he was in Grand Rapids two days ago.

While in this city Mr. MacNeil won the confidence of ex-Mayor Muhler, Postmaster Cecil Higgins, Hon. J. B. White and several others, some of whom endorsed for him at bank. Mr. Muhler especially has cause to regret the man's unexplained absence by reason of a note past due, the responsibility of which he must assume, but he retains as security a bill of sale on the handsome Anthony Wayne painting, said to be valued at \$500, as security.

If MacNeil does not show up in this city soon an effort may be made to place him.

THE COURTS.

A Full Day—New Suits Filed in the Superior Court.

The county commissioners did miscellaneous business to-day. This afternoon they are opening bids for medical attendance upon the paupers of the various townships.

In the case of William Hoffman vs. Peunington pulley works, a judgment of \$331.67 was rendered in favor of the plaintiff.

Michael Fackler was admitted to citizenship to-day.

The following suits were entered in the superior court to-day:

The case of Wagner against Arnulde in the circuit court has been settled for \$1,834 and then dismissed. Attorney S. M. Hench appeared for the plaintiff and William P. Breen for the defendant.

August C. Krueger vs. Mary C. Shell and Jacob H. Shell, complaint to foreclose mortgage; demand, \$625; Charles W. Kuhne is attorney for plaintiff.

Joseph K. Edgerton vs. Henry Bueche, complaint on note; demand, \$100; Bell & Morris are attorneys for plaintiff.

George F. Felts vs. George F. Branstator, et al.; action on notes and mortgages; demand, \$550; J. M. Robinson is attorney for the plaintiff.

Frank A. Goeke as executor of the will of Francis Goeke, deceased, vs. Freeman and Joseph Plikard, complaint on note; demand, \$100; Wm. P. Breen is attorney for the plaintiff.

Dr. C. B. Stemen has arrived home from Kansas City, where he attended the funeral of the late lamented Dr. J. Wesley Jackson, who was chief surgeon of the Wabash road. He says the obsequies were pronounced the most impressive and most largely attended of any funeral yet held in Kansas City. General Manager Hays will not at present appoint a successor to the deceased as chief surgeon and Dr. J. P. Jackson, a brother, will temporarily perform the duties.

The stalwart and manly figure of our well-remembered and popular player, Mr. Frank Mayo, will be seen to-morrow evening in his romantic play, "Nordeck." Few, if any, of the great plays of the present day have shown the strength that has this one. There is none of that which is offensive to delicate minds in it. The faintest suggestion of impurity is absent, and the play as a whole is considered the most magnificent production that has ever been in Mr. Mayo's hands. "Davy Crockett" Thursday is the bill.

The Fort Wayne lodges of Odd Fellows have determined to go to Huntington, Thursday, in a body to attend the dedication of the Odd Fellow's temple in that place. THE DEFENDANT MISSING.

Waldo Hills' Case Called. But the Defendant is Absent—His Bondsmen Responsible.

The case of the state against Waldo E. Hills, the man charged with swindling in some lightning rod deals, was set for to-day in the circuit court.

This morning the attorneys in the trial made their appearance before Judge O'Rourke, but the defendant came not.

It was then learned that Hills left the city last Friday evening for Columbus, Ohio, and had not returned.

The defendant's bond, in the sum of \$500, was for Hills' appearance in court.

His surety was Fred C. Boltz and Richard C. Ross. This bond was declared forfeited by Judge O'Rourke, and Prosecutor James Robinson will demand its collection. M. V. R. Spencer, attorney for Hills, received the following telegram this morning:

COLUMBUS, O., March 18, 1890. Waldo E. Hills is sick and confined to bed with pleurisy. It is impossible for him to travel. Notify all parties. F. E. Buesch, M. D.

Prosecutor Robinson has a very firm opinion that Hills is well and able to travel.

A MATRIMONIAL SURPRISE.

The Marriage of Mr. F. W. Antrup to Miss Eliza E. Mackintosh, of Cincinnati.

Mr. F. W. Antrup left yesterday for Cincinnati, where he will be married this evening to Miss Eliza E. Mackintosh, a lady who will be remembered here as a returned missionary from Bogota Columbia, South America. Miss Mackintosh was a delegate from Cincinnati to the Women's Board of Missions of the Northwest, which met in the First Presbyterian church in this city last April, when she delivered an address on "Missions" that was received with a great deal of interest. She is an accomplished lady, and will be a valuable addition to the church workers of this city.

Mr. Antrup is a retired Allen county farmer and a prominent gentleman, who has made his home in this city for several years, and THE SENTINEL joins with his host of friends in extending congratulations.

Mr. and Mrs. Antrup will return to this city in a few days, and after the 25th of this month will be at home in Mr. Antrup's pleasant residence at the corner of West Main and Webster streets.

THE BALMORAL CHOIR.

The Famous Scotch Singers Will Appear at the Temple To-night.

The noted Balmoral choir, which gives an entertainment at the Masonic Temple to-night, is brought here by the Caledonian society, of this city. The choir arrived this morning and are at the Aldine. The members composing the organization are: Edith Ross, Effie Goodwin, Jessie McIntosh, Mary Farrell, Jane Ford, Walter Bruce, R. J. Patrick, Peter Kerr, William Douglas, Harry Taggart, William Young.

They are one of the best musical organizations in the world and are charming their immense audiences everywhere they appear. Our citizens can rest assured that they will be given one of the finest concerts to-night that it has ever been their pleasure to attend. Five hundred reserved seat tickets had been sold up to an early hour this morning.

THE SENTINEL owes this popular musical organization an apology for having stated in its issue of yesterday that it was named after Queen Victoria's skirts and it hastens to make the proper correction.

The fact is that the name Balmoral belongs to a town and castle in the shire of Aberdeen, Scotland, where Queen Victoria has her residence when in that part of the country.

Scotch Grapes.

We smile and feel content. The people are with us, they are assisting us to accomplish our object, i. e., "to get out of business." We know that our selling out does not please some envious, grasping dealers, but we are not doing business to please our competitors; it makes some of them sick because we are selling all the shoes nowadays. Well, why should we not? Wherever people can do the best there is where they buy. That accounts for the immense success of Redick Bros. great going-out-of-business sale.

Mr. Joe Beegan left for Wabash last evening, where his wife is remaining with her folks. Mr. Beegan has decided to locate south, probably in Chattanooga, Tenn.

THE RAILROADS.

Typewriters and Stenographers Will Do a Flourishing Business—Gossip From the Busy Centers.

THE SENTINEL some time ago stated that in all probability the Pennsylvania system would inaugurate a system of putting in typewriters in their trains and employing stenographers to operate them, thus affording the traveling public an excellent chance to write business and other letters while on their journey with very little inconvenience. It is now an assured fact that the Pennsylvania road will do this, as they have issued a circular to the effect that a very intelligent young man will be placed in charge of a desk on every limited train on the system to attend to the wants of business people. In this circular they show what all this means to the traveling world. In the first place it will be a great saving of time to business men and a great saving of labor to those who are not fond of writing. The circular will contain all the conveniences necessary to make traveling less tiresome. The only drawback to be seen in this new venture is that if a very busy man is compelled to make a long journey and he boards the train at the starting point and takes a lot of business with him, he will so monopolize the time of the stenographer that it will give no one else a chance through the whole journey.

Dan T. Salmon has taken the position of railroad reporter of THE SENTINEL; and will enter upon his new duties tomorrow. Any favors shown him in the way of gathering news will be appreciated by THE SENTINEL.

A party of nine tramps broke into the office of Edward Gilmartin, at his telegraph pole yard in the west end, Sunday night and used a lot of stationary and such to start a fire with. They also got away with a coil of wire. The gang were committed for vagrancy, and at the expiration of their term will be held for theft.

The Nickel Plate authorities here were advised last night of the murder of their agent at Hartsburg, forty-three miles east of this city. Henry kept a general store at that place and had a telegraph instrument in the building. Three men approached his place last night and without warning shot him dead. The fellows intended robbery, but frightened at their crime fled. Citizens began organizing posses as fast as the news spread, and hundreds are now

GIANT POWDER

Is Used in an Attempt to Take the Life of a Montana Man.

BUTTE, Mont., March 18.—An attempt was made here yesterday morning to take the life of J. V. Skidmore by blowing him up with giant powder. Skidmore last fall jumped a claim and built a cabin which he now occupies. He was absent from the cabin a few minutes yesterday morning and when he again entered an explosion took place which knocked him senseless, killed his dog, knocked a hole through the roof and floor of the cabin and shattered things generally. Skidmore's face was lacerated by two pieces of iron, one of his legs was a mass of wounds, and the other was injured. It is supposed an enemy put a can of giant powder in the cabin during Skidmore's temporary absence and lighted a slow fuse.

Everybody Knows That at this season the blood is filled with impurities, the accumulation of months of close confinement in poorly ventilated stores, workshops and tenements. All these impurities and every trace of scrofula, salt rheum, or other diseases may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses one dollar" is true.

be hoped that the railroad boys will

say of two business gentlemen who have
located in this city: "Messrs. L. P. and
Wesley Sharp will start for Fort Wayne,
Ind., the first of next week, where they
have arranged to open a store of the
'fair' order. The Messrs. Sharp are
pushing, hustling men, and Rock Island
regrets to lose them. There is a splen-
did field in Rock Island for just such a
store as they contemplate establishing
at Fort Wayne, and it is a pity that they
could not have been prevailed upon to
remain here."

The attendance at the World's
Museum to-day was large. The throng
was highly entertained. The attractions
this week surpass those of any previous
occasion, and should be witnessed by
every citizen of Fort Wayne before the
week closes. The Half Horse-Half Man
is not, what many might suppose, an of-
fensive monstrosity; but is an active
and intelligent negro, the malformation
of whose posterior parts gives him a
very close resemblance to a member of
the equine race, having the head of a
human being. The chicken mill, show-
ing chicks just hatching. The cowboy
banjoist; Myrtello, the infant snake
charmer; and the great hand-embroider-
ing machine are other attractions in the
museum, and the stage performance is
of unusual excellence.

city to-morrow.

although very weak.

Mrs. Dr. J. M. Dinnen and children

bard.

Wayne asphalt pavement. He ordered
the hose out to-day and tried the wash-

There has never been till now a corset that fully answered the hardest wear which that much abused garment is put to.

The Kabo corset is "banned" with a new material, Kabo, that cannot be broken, or kinked, or shifted in wear.

The rest of the corset is made of durable as the Kabo; there are no metal eyelets to rust or to cut the corset laces, and the overlying in the back never shows through thin or close-fitting waists.

If the Kabo breaks in a year's wear, we refund the money. If the laces eyelets pull out, we refund the money. The corset may break—there is nothing else in the corset to break.

You may wear the Kabo corset two or three weeks and return it not satisfactory; money returned in full.

ELEVEN FIREMEN KILLED

And Eighteen More Badly Wounded by Falling Walls During a Fire at Indianapolis.

INDIANAPOLIS, Ind., March 18.—Late yesterday afternoon a fire broke out in the large establishment of the Bowen-Merrill company and the stock of books and stationery was consumed and the building wrecked.

At 5:30 o'clock this loss of more than \$150,000, on building and stock, was followed by the falling in of the roof, which carried down more than twenty persons, including those who were working on the various floors. The fire at this hour had been driven to a corner between the ceiling of the fourth story and the cornice. Parts of the fire companies were on the roof working their way down to the fire. The roof seemed sound and the walls substantial, but suddenly the walls yielded.

A man threw up his arms and sank into the seething ruins below. Another man dropped, and then the whole rear roof, with fifteen men on it, fell into the top floor where the fire was raging.

Four men were on the upper floor under the roof. These were crushed beneath the grinding timbers and all the men hurled through the falling floor beneath, which gave way beneath the weight of the mass.

Immediately the work of rescuing the living and extricating the dead was begun by at least five hundred volunteers, in addition to the uninjured firemen and members of the police force. At times their ears would be greeted by the groans of the wounded underneath the ruins, and the work of rescuing was kept up all night.

The Bowen-Merrill company carried a stock valued at \$125,000, on which there was an insurance of \$70,000. The building was owned by Silas T. Bowen, and the loss on that will be \$30,000. R. P. Wasson, dry goods, lost \$10,000 by smoke and water, and Bryant & Sullivan, dry goods, half that amount. Several smaller stores are badly damaged.

The following is the list of the killed: Andrew O. Chery, superintendent of the fire alarm telegraph; George Paulk, engineer company 1, and these firemen: John Burkhardt, Espy Storman, David B. Lowry, Dylsees G. Glazier, Henry D. Woodruff, George W. Glenn, Albert Hoffmann, Anthony Volz and Thomas A. Black.

The wounded are: George Diller, Wm. A. Hinesly, Ebenezer R. Leach, Louis F. Rafter, Webster Robinson, Charles Jenkins, Thomas F. Barrett, William Long, William McGinnis, William Reesner, Albert C. Meurer, Samuel Neall, Samuel L. Nall, William F. Jones, William Tallestre, William C. Paries.

The list of dead has not been changed since last night. Up to noon to-day eight dead bodies have been taken out and two more have been found, but have not yet been uncolored from their pinions. The one body taken out this morning was that of Tony Volz, of hook and ladder company No. 2. Henry Woodruff and Esby Storman, pipemen, are missing, and they are supposed to be the men whose bodies have been reached.

It is feared that there are some citizens under the ruins as there were several young men on the roof of the building just before it went down. Altogether 20 persons have been taken out of the ruins, at least half of those taken out alive are dangerously hurt, and two of them are not expected to live this morning.

Thomas Dillon, superintendent of the Brush electric light company, and William Long had a miraculous escape. They were on the roof of the burning building cutting the electric wires when the crash came. By quick jumping both succeeded in reaching an adjoining roof and escaped injury.

A fund has already been started for the relief of the injured firemen and the families of the dead and injured. It has already reached the total of \$3,000. Mayor Sullivan has issued a proclamation calling for contributions.

The coroner has been investigating and will hold an inquest to-day.

"Wells" Robinson, who was rescued with a badly cut and bruised leg, gave the following account of the disaster: "I was working in the cellar when the crash came, and I was knocked down and must have lost consciousness for a moment. When I recovered I found that a piece of timber had lodged across my leg and held me fast. Esby Storman I could hear calling for help about ten feet away. He was in a worse place than I was, and he became quiet after a time. I struggled hard to get free, as it was terribly hot and the burning timbers

were around me. I jerked my leg free at last, and crawled out between the wall and the ruins."

It was reported that three little news-boys had been standing very near the wall which collapsed, watching the actions of the firemen. If this is so there is little hope of them being taken out alive.

Fire Chief Daugherty is being very severely criticized for ordering the firemen out to the building when it was in such an unsafe condition. Five minutes before the crash came the firemen were warned by citizens to leave the building, but the warning was unheeded.

It will take fully twenty-four hours to remove all the debris and until that is done there is no estimating how many lost their lives. The firemen who escaped think it is possible that there may be several more bodies in the cellar as a few minutes before the crash came several men were in the rear door room of the building attempting to get out some of the firm's books that had not been burned.

Proctor, Ill., March 18.—For a third time within a year the large dry goods establishment of Purdes, Mills & Co. is visited by flames. A little after one o'clock this morning this mammoth dry goods store was discovered to be on fire, and despite the efforts of the entire fire department to save it, the large store front four story building was completely gutted. Only yesterday this firm gave a grand spring opening and a large and magnificent stock was displayed to the public. Loss on stock, \$10,000; on building, not given; insurance on stock, \$110,000.

WILL O' THE WISP.

Manager Geary Gets the Crowds in spite of Counter Attraction.

When Cleveland's minstrels were in the city some time ago the *SENATOR* told how Manager Geary, of the World's Museum, took the crowds from him. Last night he did the same thing with the "Will o' the Wisp" troupe. Mr. Geary, the manager of which is an old schoolmate of Mr. Geary.

The two met yesterday and Geary told Geary that he would "down him" in the evening. "Guess not," was the reply. "Well, come around and see," said Geary. At nine o'clock "Will o' the Wisp" was showing to a very small house at the Temple, while the World's Museum was packed to the doors, and had turned people away, although one more performance was given that night.

Manager Geary knows how to get the crowds and can draw them from any attraction.

HERE'S A CHANCE!

For Some Man Who Wants a Wife and a Fortune.

Madam Naomi, of Michigan, writes to THE *SENATOR* asking that its editorial staff busy themselves in an effort to find her a husband in this city.

She is handsome and wealthy. She owns a farm in Michigan, and offers to give \$5,000 in cash to the man who will wed her.

She is 27 years of age, is five feet high, five feet wide, weighs 125 pounds, and is now single. The lady will visit this city soon, and wishes the *SENATOR* to select a gentleman who will accept her hand, her heart and her money.

Don't all apply at once, but send in your names and our reporter will introduce you to the lady when she arrives in the city.

A GRACEFUL COURTESY.

The Amateur Athletic Entertainers Edgar Nelson's Theatrical Company.

Last evening the members of the Amateur Athletic association occupied a front row at the Temple to witness the performance of "Will o' the Wisp." They were invited guests of Edgar Nelson and his manager, Will E. Germain. The compliment was gratefully repaid, for after the performance, the Athletics escorted the party to the association headquarters, where a banquet was served and other entertainment provided.

There are some clever members of this company, and Nelson himself is more than pleasing. The show has been playing to great business, however.

Monday morning at 10:30 occurred the death of Beatrice Marie, the bright little child of Mr. and Mrs. A. C. McKinney, of No. 39 Butler street, age six months. Funeral will leave the home at two o'clock to-morrow afternoon, with service at the Cathedral. Friends of the family are invited to attend without further notice.

WASHINGTON.

The World's Fair Bill Completed and to Be Reported to the House To-day or To-morrow.

WASHINGTON, March 18.—Mr. Wilson, of West Virginia, who was one of the Washington representatives on the world's fair committee, was present when the committee met this morning to consider the Chicago bill, and as a consequence, the deadlock that has existed in the committee was broken and the fifth section of the bill, providing for the financial scheme on which the fair shall be conducted, was passed upon.

The members of the committee present were: Chandler, chairman; Pitt and Springer, of Illinois; Wilson, of West Virginia; Holden, of New York, and Hatch, of Missouri. The amendment offered yesterday by Mr. Holden, providing for a financial plan, was voted down, and Mr. Wilson offered as a substitute for the fifth section an amendment providing that when the president is satisfied that Chicago has raised a fund of \$10,000,000 he shall issue his proclamation in regard to the fair and invite foreign nations to participate.

A caucus of republican senators has been called to take place to-night at the residence of Senator Edmunds. Its object is to consider charges against the senator-at-large of the senate, W. P. Canaday.

Mr. Canaday is from North Carolina. He has been a protégé of Senator Sherman for a number of years. Recently a determined effort has been made to have him removed from his office to make room for a candidate of Senator Quay—Mr. Bailey—and therefore is expected to create excitement at the caucus to-night. Mr. Canaday had a long conversation with Senator Edmunds yesterday afternoon, the result of which is not known.

The house adopted a resolution calling on the secretary of war and the secretary of the interior for information as to whether a saving of expenditure would be effected by the transfer of the pension bureau to the war department. A bill was also adopted calling on the secretary of the interior for an estimate of money likely to be needed for pension arrangements in case the arrears are repaid.

A bill was passed in favor of affidavits and depositions under the public land laws to be taken before commissioners of United States courts, or before the clerk of a court of record in the county where the land is situated.

Mr. Payson called up the bill to repeal the timber culture laws, but the bill went over without action and the house went into a committee of the whole on the pension appropriation bill.

BISMARCK RESIGNS.

Emperor William Accepts the Resignation of the Iron Chancellor.

Berlin, March 18.—The emperor this afternoon accepted Prince Bismarck's resignation of the chancellorship. The present difference between the emperor and Prince Bismarck arises from the chancellor's refusal to accede to a request made by Dr. Windthorst, the leader of the clerical party in Germany, to restore to the Duke of Cumberland, the claimant of the throne of Hanover, the larger part of the Guelph fund.

It is reported to-day that the emperor proposes to appoint General Von Caprivi, who is now commander of the Tenth army corps, to the chancellorship.

When the public worship estimate came up for discussion in the lower house of the Prussian diet to-day, Dr. Windthorst said it had been his intention to reverse the position of Catholics in Prussia, but that he would desist on account of the political situation.

All the members of the Prussian ministry resigned at the same time that Prince Bismarck tendered his resignation.

EXPORT RATE JUNE BALMA.

A Young Lady Stricken With Paralysis on the Street.

Yesterday afternoon Miss Dalman, whose home is at 533 East Wayne street, was stricken with paralysis while walking on West Main street, near Harrison.

The patrol wagon was called and she was conveyed home. Her condition to-day is some better and she will probably live.

Badly Injured. Mr. Neidemeyer, an old gentleman living on LaSalle street, fell from the bay left of his barn, a distance of fifteen feet, this morning, and was badly injured. He will be confined to his home for some time.

WESTON'S BULLETS!

Lays Low Two Humans Who Attempt to Rob Him—A Deputy Sheriff Held for Rethery.

SALT LAKE CITY, Utah, March 18.—Last evening J. B. Weston, of Colorado, who was visiting this city, formed the acquaintance of a couple of strangers, who first gave him drugged whisky and then attempted to rob him. Weston feebly shot one of the men, named Warner, and after an exchange of shots, killed the second of the ruffians, a man named Grauville. Mr. Weston then surrendered himself to the police.

New York, March 18.—George Mindelem was arrested to-day on an indictment charging him with extortion while employed in the sheriff's office. Joseph Young, a deputy sheriff was also arrested at noon and held in \$1,000 bail, for bribery. Other arrests are expected this afternoon.

WHERE IS MAC?

The Scottish Artist, MacNeil, in an Unconvinced State.

The whereabouts and intentions of Andrew MacNeil, the Scottish artist, concern several of our citizens a great deal at the present writing.

MacNeil operated here for several months, finishing during his stay several high-priced paintings.

From his brush are the handsome paintings which adorn the council chamber, a gift from Hon. J. B. White and John Little. He also painted portraits at fancy prices for some of the first families in Fort Wayne.

Laure is added to this when it is known that MacNeil is out of the city and that numerous accounts of long standing await his return.

The Scottish artist left here some weeks ago for Chicago "on business." He never returned. It has been learned however that he was in Grand Rapids two days ago.

While in this city Mr. MacNeil won the confidence of ex-Mayor Muhler, Postmaster Cecil Higgins, Hon. J. B. White and several others, some of whom endorsed for him at bank. Mr. Muhler especially has cause to regret the man's unexplained absence by reason of a note past due, the responsibility of which he must assume, but he retains as security a bill of sale on the handsome Anthony Wayne painting, said to be valued at \$500, as security.

If MacNeil does not show up in this city soon an effort may be made to place him.

Dr. C. B. Steman has arrived home from Kansas City, where he attended the funeral of the late lamented Dr. J. Wesley Jackson, who was chief surgeon of the Wabash road. General Manager Ray will not at present appoint a successor to the deceased as chief surgeon and Dr. J. F. Jackson, a brother, will temporarily perform the duties.

The stalwart and manly figure of our well-remembered and popular player, Mr. Frank Mayo, will be seen to-morrow evening in his romantic play, "Nedrick." Few, if any, of the great plays of the present day have shown the strength that has this one. There is none of that which is offensive to delicate minds in it. The faintest suggestion of impurity is absent, and the play as a whole is considered the most magnificent production that has ever been in Mr. Mayo's hands. "Davy Crockett" Thursday is the bill.

THE DEFENDANT MISSING.

Waldo Hills' Case Called, But the Defendant is Absent—His Bondsmen Responsible.

The case of the state against Waldo E. Hills, the man charged with swindling in some lightning rod deals, was set for to-day in the circuit court.

This morning the attorneys in the trial made their appearance before Judge O'Rourke, but the defendant came not.

It was then learned that Hills left the city last Friday evening for Columbus, Ohio, and had not returned.

The defendant's bond, in the sum of \$500, was for Hills' appearance in court.

His surety was Fred C. Boltz and Richard C. Ross. This bond was declared forfeited by Judge O'Rourke, and Prosecutor James Robinson will demand its collection. M. V. H. Spencer, attorney for Hills, received the following telegram this morning:

COLUMBUS, O., March 18, 1890. Waldo E. Hills is sick and confined to bed with pleurisy. It is impossible for him to travel. Sorry all parties. P. E. Benson, M. D.

Prosecutor Robinson has a very firm opinion that Hills is well and able to travel.

A MATRIMONIAL SURPRISE.

The Marriage of Mr. F. W. Antrup to Miss Edith F. Mackintosh, of Cincinnati.

Mr. F. W. Antrup left yesterday for Cincinnati, where he will be married this evening to Miss Edith F. Mackintosh, a lady who will be remembered here as a returned missionary from Bogota Columbia, South America. Miss Mackintosh was a delegate from Cincinnati to the Women's Board of Missions of the Northwest, which met in the First Presbyterian church in this city last April, when she delivered an address on "Missions" that was received with a great deal of interest. She is an accomplished lady, and will be a valuable addition to the church workers of this city.

Mr. Antrup is a retired Allen county farmer and a prominent gentleman, who has made his home in this city for several years, and THE *SENATOR* joins with his host of friends in extending congratulations.

Mr. and Mrs. Antrup will return to this city in a few days, and after the 25th of this month will be at home in Mr. Antrup's pleasant residence at the corner of West Main and Webster streets.

THE BALMORAL CHOIR.

The Famous Scotch Singers Will Appear at the Temple To-night.

The noted Balmoral choir, which gives an entertainment at the Masonic Temple to-night, is brought here by the Caledonian society, of this city. The choir arrived this morning and are at the Aldine. The members composing the organization are: Edith Ross, Effie Goodwin, Jessie McIntosh, Mary Farrell, Jane Ford, Walter Bruce, R. J. Patrick, Peter Kerr, William Douglas, Harry Taggart, William Young.

They are one of the best musical organizations in the world and are charming their immense audiences everywhere they appear. Our citizens can rest assured that they will be given one of the finest concerts to-night that it has ever been their pleasure to attend. Five hundred reserved seats tickets had been sold up to an early hour this morning.

THE *SENATOR* owes this popular musical organization an apology for having stated in its issue of yesterday that it was named after Queen Victoria's skirts and it hastens to make the proper correction.

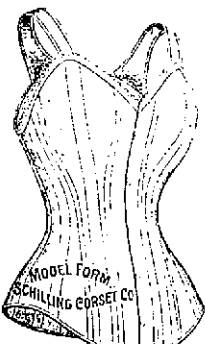

The fact is that the name Balmoral belongs to a town and castle in the shire of Aberdeen, Scotland, where Queen Victoria has her residence when in that part of the country.

NOTE-TRAPPERS.

We smile and feel content. The people are with us, they are assisting us to accomplish our object, i. e., "to get out of business." We know that our selling out does not please some cynical, grasping dealers, but we are not doing business to please our competitors; it makes some of them sick because we are selling all the shoes nowadays. Well, why should we not? Wherever people can do the best there is where they buy. That accounts for the immense success of Redick Bros. great going-out-of-business sale.

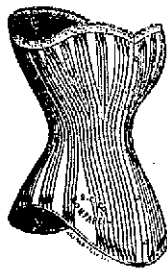

Mr. Joe Keegan left for Wabash last evening, where his wife is remaining with her folks. Mr. Keegan has decided to locate south, probably in Chattanooga, Tenn.

This is to certify that I have been troubled with Neuralgia in the face and with severe toothache for four (4) years. At times the pain was so severe that I could not eat or sleep. I had spent many dollars for medicine and physicians could not relieve my condition. I had seen in the papers an advertisement for Steketee's Neuralgic Drops and after using it according to directions, I can say I feel better than I have for many years. I shall continue to use it until I am thoroughly well. I feel very grateful to Steketee for making such a medicine. I will take pleasure in stating my case to any lady who may call on me.

The Anderson Daily Democrat donated the green yesterday in honor of St. Patrick's day. A heavy border of green encircled the reading matter on their first page.

In 1891, Indiana as a state will be seventy-five years old, and it is proposed to have a grand exposition and celebration in Indianapolis in commemoration of the event.

The township in which Lafayette is situated will hold a special election to vote on a proposition to issue \$100,000 in bonds to construct a belt railway. Seven miles of track is required.

Invitations are out for the annual commencement exercises of Purdue university. Messrs. Henry W. Meinzer and Alvin Leaver, of this city, are among the graduates of the pharmacy class.

The Louisiana State lottery did not, after all, it is said, actually desire to secure a foothold in North Dakota, its sole purpose in pretending to do so being to bulldoze Louisiana into renewing its charter.

The lecture of Prof. J. Clarke Brown, at the Library hall last evening, on "The Old Ireland and the New," was a unimportant effort and very interesting to the audience. Professor Brown is a brilliant orator and is distinguished in literature.

The president's proclamation ordering the boomers to vacate the Cherokee strip has had its effect, and hundreds are leaving. Those who do not go voluntarily will be removed by troops, a large force having been ordered to that point for the purpose.

The democrats of Washington township at their caucus, held last Saturday afternoon, nominated the following ticket: Truman, M. E. Ferguson; assessor, Chester Cramer; justices of the peace, A. McDaniel and Fred Kammerer; constables, Peter Grell and John Kagerer.

Mr. H. C. Benson, formerly city treasurer, has formed a partnership with Mr. Aaron Rothchild for the manufacture of artificial ice. They figure that the entire crop of ice harvested in Michigan this year will be exhausted before July. They have constructed for machinery for their plant.

The song service at the city department Young Men's Christian Association, Sunday afternoon, was one of the largest ever held there. About fifteen members, accompanied by a cornet, sang several pieces on the pavement before the building. These meetings are constantly increasing in numbers and interest.

The manufacture of cigars has grown to be quite an industry in the city of Fort Wayne, and the statistics show that during the year of 1898, there were manufactured here, 5,515,525 cigars. The number of pounds of leaf tobacco required for this work is 127,893. The manufacturers pay a revenue tax of \$15,500, and a special tax of \$178.20. There are in the city twenty-three factories, which employ 115 cigar-makers proper and about fifty boys and girls as strippers.

The wheat crop in southern Indiana has been cut short fully one-half by the recent cold freeze. During the entire winter wheat throughout that part of the state continued to grow, and in many localities had reached 85 for an advanced state as to form the first joint, and was very tender. Over the entire southern part of the state the fields that ten days ago were more beautiful than any lawns are today as brown or golden-like as when harvested, and experts who have made a thorough examination report yielded

wheat badly damaged, while all wheat in White river bottoms that was over-plowed by recent floods will be an entire failure on account of ice forming over the land as the water subsided. The loss will be felt by the farmer in this year, as the average is unusually large.

The Department of Agriculture estimates that 970,000 bushels of corn (40 per cent. of last year's crop) remain in the hands of the farmers, and that the average price on March 1st was twenty-eight cents a bushel.

Chicago's carpenters have determined to work no more than eight hours a day, and they demand compensation at 40 cents an hour. If their demands are not acceded to they will inaugurate a strike early next month. Their demands will probably be granted.

The Personal Rights League held a meeting last night and discussed the action taken by the German Lutherans of this city in regard to the Bennett law and considered what action, if any, the Personal Rights League intended to take on the subject. The matter was referred to a committee, composed of Messrs. Wickham, Campe, Benjamin and Henry C. Berghoff, with instructions to submit resolutions at the next meeting. The subject of the approaching city elections was then taken up. Several speakers argued that the party nominations were made so late that there was not sufficient time to ascertain the time and fitness of the candidates for office, and urged that the league take steps to insure the nominations of good men. It was decided to appoint a committee in each ward, whose duty it shall be to prepare a list of desirable candidates for aldermen and report the names at the next meeting for endorsement. It was decided to hold a meeting every week until after the campaign. The next meeting will be held Friday, March 23, in Standard hall.

LETTERS THAT NEVER COME.

Postmaster-General Wamamaker No. 1011 in an Opinion from Post-

master Higgins.

Over 2,000,000 unclaimed letters were sent to the dead-letter office last year and Postmaster-General Wamamaker has set about to reduce the number to a minimum.

Postmaster General Higgins says that as an evidence of carelessness in addressing letters, it is found that nearly 10 per cent. of the matter that reaches the dead-letter office is sent there as misdirected or deficient in address, the writer having directed the letter to a postoffice not existing in the state named, or has failed to complete the address, so that the postal officials cannot give even a remote guess where it was intended to go; and it should be borne in mind that only such letters as are mailed without the aid of the writer upon the envelope reach the dead letter office. No statistics are furnished for the large number deposited bearing the card of the writer.

Another universal cause for non-delivery is stated to be that people residing in larger cities, where the carrier service is in force, frequently change their residence and leave no new address to which matter can be taken for delivery, thus requiring matter that ought to be delivered by the carrier to be placed in the general delivery to await call for the same.

Mr. Higgins has, at the solicitation of the postmaster-general, submitted his opinion as to the cause of such an accumulation for the dead letter office. He says:

"Want of effort on the part of carriers to trace addresses and changing residence without giving carriers an order to change address is the cause. The remedy is close supervision of carriers by postmasters and the superintendents of carriers."

"Why, you have no idea," said he to a SENTINEL reporter, "what a sea of perplexity we are plunged into over letters of this character."

He then conducted the reporter to a department where hundreds of letters were stacked away that will never reach those for whom they were intended.

The addresses on these plainly bespeak carelessness and ignorance on the part of the senders.

The opinion of an old and well known merchant is given in a few words, viz: "I think Dr. Bell's Cough Syrup is the best cough medicine that is made."

LUTHER R. BLACK, Selma, Ind. "Discovered native oftentimes breaks forth in strange eruptions," and the result of it all is pain. Now Salvation Oil will send this very pain to the right about at the tolling cost of only 25 cents.

A PITIFUL STORY.

The Husband in a Drunken Stupor While His Wife is Dying and Continues His Sorrow After She is Dead.

A week ago last Sunday the boys around West Jefferson and West Lewis streets were watching the antics and maneuvers of a drunken man who had such a heavy load of intoxicants aboard that he was unable to find room on a ten foot sidewalk for his staggering, zigzag movements. Boys are boys, and you can't make men out of them while they are wearing knee pants and short jackets, and they saw lots of fun in the comical actions of the drunken man. They laughed at his incoherent talk and his frequent tumbles, and the drunken man's actions brought everybody in that vicinity to their doors and windows to see the excitement.

While this was going on the wife of the chief actor in this pitiful scene was lying at the point of death at her home. Two days afterward she died, yet the husband kept up his drunken spree until then and when the wife breathed her last he was lying on the floor of the room, not far from her bed in a drunken stupor.

"Your wife is dying, don't you wish to see her?" friends of the family said to him, and later they said, "She is dead!" and yet the man was too drunk to realize the import of their words. He mumbled incoherent sentences and slept on until he awoke an hour or two later to find his house in mourning.

Such an awakening, one would have thought, would have selected him up, but it did not, and he continued his debauches until his wife was carried to the graveyard.

These are facts. It would be useless to stop and moralize. The picture carries its lesson with it.

"A stitch in time saves nine," and if you take time to save your wife now it may save months of future possible sickness.

Chicago is an Indian word meaning "union."

Piles: Piles: Itching Piles.

Symptoms—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue, it more or less, which often bleed and ulcerate, becoming very sore. Swartz's Ointment stops the itching and bleeding, heals the tumors, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

Green corn now tickles the palates of San Franciscans.

Why continue the use of irritating powders, snuffs or liquids. Ely's Cream Balm, pleasant of application and a sure cure for catarrh and cold in head, can be had for 50c. It is easily applied into the nostrils, in safe and pleasant, and is curing the most obstinate cases. It gives relief at once.

The proprietors of Ely's Cream Balm do not claim it to be a cure all, but a sure remedy for catarrh, cold in the head and hay fever. It is not a liquid or a snuff, but is easily applied into the nostrils. It gives relief at once.

Says the Southern Medical World:

"Mother's Friend" is growing in favor throughout the South and is highly recommended by physicians. We consider it indispensable to those who know they must pass through the ordeal of child-birth. Write Bradford Reg. Co., Atlanta, Ga., for particulars. Sold by all druggists.
